	From	To		Printed Name & Signature required	
Total # of Hours Worked:				INCOMPLETE / UNSIGNED FORMS WILL BE RETURNED	

Community Service is voluntary work intended to be for the common good of society, it involves the free sharing of your time and talents. It is done with compassion and selflessness and **without compensation**. **Work should be not for profit, and is to be completed at a Non-Profit Agency**. POGC administration makes the final determination on what service hours will be accepted. See page 2 of this form for examples.

I submit the above Community Service hours toward my total of 75-100 volunteer hours for my high school career and/or the _____/_____ school year.

Student Signature: _____

School Use Only Date Received: _____ Date Entered: _____ Approved/Disapproved

WHAT CONSTITUTES COMMUNITY SERVICE?

Voluntary work, intended to be for the common good that:

- promotes the health, welfare and safety of the community.
- improves the standard of living for people within our community and those of other regions.
- enriches the lives of the mentally and/or physically disabled in our community.
- supports and encourages the growth of the Arts in our community.
- improves the quality of life for senior citizens in the area.
- provides leadership, guidance and activities for the youth in our community.
- preserves the environment and/or the protection of historical sites.

WHAT COUNTS?

Time spent actually performing community service for a NON-PROFIT Organization or Agency will count. For example:

- Services performed for day care centers, retirement homes, and animal hospitals.
- Hours spent volunteering with a doctor, lawyer or dentist while performing “pro bono” work.
- Service performed on staff at a non-profit athletic, music, art or other camp for no financial compensation.
- Service hours will be awarded for students volunteering on political campaigns without financial gain to the student.
- Faith based activities that are performed outside of normal worship services, i.e.:
- Teaching Sunday school, arts/crafts/recreation at Vacation Bible School, Mission trips (excluding eating, sleeping and worship time).
- Participation in club fundraisers if all proceeds (less expense) will be donated to a bona fide charity.
- Rehearsal and practice times will count if performances are conducted specifically to meet a community service need, and the organization and/or students do not receive financial gain.

WHAT DOESN'T QUALIFY?

Examples include:

- Babysitting or similar services, performed for an individual family.
- Service for a student's family or family business.
- Travel time to and from service location cannot be counted.
- Items and Funds donated to Non-Profit are not considered as community service hours.
- Service performed as the result of disciplinary action taken by the school or the courts.
- Participation in club fundraisers if funds will benefit the club.
- Participation in self-improvement workshops, clinics, conferences or conventions.
- Service hours may not be doubled or in any way increased by any agency or school for student participation in a specific project.
- Searching for your pet or that of a neighbor will not count.
- Activities done for able bodied neighbors such as mowing, painting and lawn care.
